Testimonials

I have known Ron Fox for 15 years. I can attest that his speaking made a tremendous impact on my life. Through his great presentation skills and words full of conviction, I learned the value of knowing vs. hoping, which led me through my victory over Stage 4 cancer 14 years ago. His faith-filled inspiration led me to the further betterment of my life through the principles that he spoke of some 14 years ago. He continues to be a valuable resource to me by sharing his insights with honest, clarity and humor.
